

FOUR-WEEKLY BENEFIT RATES – PIP/DLA/AA

It can sometimes be difficult to see what rate of benefit claimants are on. You often only have their bank statement to go on, but the amount quoted will be the 4 weekly amount.

This is made more difficult when you want to check if your client is getting both rates of PIP or DLA. Bearing in mind the combination of two components for both PIP (at 2 levels each) and DLA (3 levels for 'Care' and 2 for 'mobility') there are 8 possible permutations for PIP and 11 for DLA!

Here's a guide that shows you:

(1) the four-weekly figure *and* (2) the combined figures for each permutation.

PERSONAL INDEPENDENCE PAYMENT RATES

2016/ 2017

	<i>Weekly</i>	<i>4-weekly</i>
